

Declaration of Conformity

REACH / SVHC

On June 1, 2007, European Union Regulation (EC) No. 1907/2006 went into effect. This Regulation is intended to ensure consistency in the Regulation, Evaluation, Authorisation, and registration of CHemicals ("REACH").

- **Annex XIV Substances**

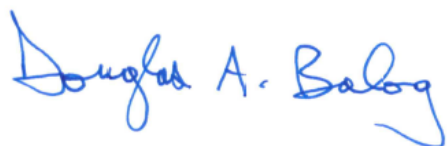

The substances currently regulated by REACH are listed in Annex XIV of the Regulation, attached hereto as Exhibit 1, which includes **43** substances.

- **Candidate List for SVHC**

The European CHemicals Agency ("ECHA") publishes a candidate list of REACH chemicals known to have serious effects on humans and the environment, called Substances of Very High Concern ("SVHC"), which will be gradually included in Annex XIV of the REACH Regulation. The current list of candidates is found at <http://echa.europa.eu/web/guest/candidate-list-table> , attached hereto as Exhibit 2, which includes **174** candidates.

Except for Evaluation Boards, Intersil Corporation's products that are designated RoHS compliant or Pb-free/green do not contain any of the SVHC or SVHC candidates listed above the regulatory threshold of 0.1% in our products nor does Intersil import more than 1 tonne of SVHC into the EU per year. Therefore the requirement in REACH to notify ECHA of products exceeding these limits is not applicable. Those products that are not designated as RoHS compliant may contain antimony trioxide in the mold compound. The information provided herein is subject to the Disclaimer found at <http://www.intersil.com/en/legal.html>.
