

Declaration of Conformity

Decabromodiphenyl ether ("DecaBDE")

On 13 October 2005, the European Commission adopted Directive 2005/717/EC which exempted DecaBDE from the restrictions set forth in RoHS Directive 2002/95/EC. This was challenged, and on 01 April 2008 the European Court of Justice annulled the exemption, effective 01 July 2008.

This ruling does not impact Intersil Corporation because Intersil's products do not contain DecaBDE.

Note that there are dozens of varieties of polybrominated diphenylethers ("PBDEs"), including DecaBDE. If a test report shows that PBDE is not detectable, that includes DecaBDE by definition, and no separate testing is needed for DecaBDE.
